UNIVERSITY CIRCLE

VISITOR GUIDE

WADE OVAL MUSEUM CAMPUS // UPTOWN // LITTLE ITALY //
CASE WESTERN RESERVE UNIVERSITY, UNIVERSITY HOSPITALS

WELCOME!

Dear Visitor,

Welcome to University Circle – a neighborhood where the best of education, health care, and arts and culture converge. Located just four miles from downtown Cleveland, University Circle is home to world renowned museums, top universities, nationally recognized hospitals, top-notch restaurants, wide open parks, and cozy spaces. It's an amazing confluence of old and new, classic and contemporary and we welcome you to it!

Start by exploring Euclid Avenue and the modern arts and cultural district at Uptown. Grab a glass of Champagne and a French macaron or a hot dog with endless toppings before heading out to see a movie at the Cinematheque or bowl at The Corner Alley.

Find yourself in our Wade Oval Museum Campus, or along the picturesque side streets of Magnolia, Ford, Bellflower, and Juniper where historic homes and carriage houses sit alongside innovative university buildings. Looking for fun activities for all ages? Wade Oval is University Circle's year-round entertainment center with a concert series all summer, and an outdoor ice rink in the wintertime.

We invite you to Find Yourself in the Circle using this directory as your guide. Need more help planning your trip? Visit us online at universitycircle.org, or stop by the Visitor and Circle Living Center on the corner of Euclid Avenue and Mayfield Road.

Again, our warmest welcome to University Circle, and we hope you find yourself returning often!

Sincerely,

Chris Ronayne
President
University Circle Inc.

FOUNDING UNIVERSITY CIRCLE

Northeast Ohio was a part of Connecticut's Western Reserve. In 1795, the Connecticut Land Company sent General Moses Cleaveland to survey and layout townships in the Western Reserve, including Cleveland.

University Circle's first settler was Nathaniel Doan, the only member of the surveying party to settle here. Doan came to University Circle in 1799. He settled nearby at Euclid and East 107th Street, operating a tavern, store, blacksmith shop, and baking soda factory.

UNIQUELY UNIVERSITY CIRCLE: UPTOWN

• Cleveland Institute of Art alum Viktor Schreckengost is a National Medal of Arts winner.

• MOCA Cleveland's building was designed by famed London architect Farshid Mousavi, and was her first building in North America. Its hexagonal surface hosts over 1,300 panels of black stainless steel.

• The Commodore Building in Uptown hosted the wedding of Jerry and Joanne Siegel, and they lived there for a time. Jerry was one of the creators of Superman and Joanne was the first model for Lois Lane.

• The Euclid Tavern, now operated by the Happy Dog, has hosted concerts by Chrissie Hynde and Green Day, and served as a set for the film *Light of Day* (1987) starring Michael J. Fox and Joan Jett.

UNIQUELY
LITTLE ITALY

• Guarinos is the oldest, continuously operating restaurant in Cleveland. It has been a fixture in Little Italy since 1918 when it opened as a speakeasy.

• Giuseppi (Joseph) Carabelli was once the richest Italian in Cleveland. A successful stonemason who immigrated from Porto Ceresio, Italy, he aided in the building of Holy Rosary Church. Many of his works are found in Lake View Cemetery including Wade Memorial Chapel. He is often credited as being the founder of Little Italy because of his philanthropy and influence.

UNIQUELY
CASE WESTERN
RESERVE UNIVERSITY,
UNIVERSITY HOSPITALS

• For 90 years the Temple-Tifereth Israel has been home to one of the largest Reform Jewish congregations in the country. A partnership with Case Western Reserve University led to the establishment of The Maltz Performing Arts Center where lectures, cultural events, and music performances take place in the 1200-seat venue. The Byzantine-style building’s unique heptagonal shape, designed by Charles Greco, is one of Cleveland’s most impressive architectural masterpieces.

• The Cozad Bates House on Mayfield Road is the site of a Bench by the Road, an installation of the Toni Morrison Society. The benches are installed at historic sites that are significant in African American history. Toni Morrison, a Nobel Laureate, was born in Lorain, Ohio.

• Doctors at Rainbow Babies & Children’s Hospital were at the forefront of infant bonding, developed infant formula, and founded the nation’s first cystic fibrosis research center.

Create your own adventure with a self-guided tour of University Circle!

Why do people like to live, work, and play in University Circle? Along with our partners, University Circle Inc. has created CircleWalk, an interpretive experience that highlights and shares our stories.

You will find stories of innovation in science, the arts, and education. You will learn about people, institutions, and events that have made University Circle the unique urban place it is today. You will see how our past and present are shaping the future.

As you walk through our neighborhoods, parks, campuses, and streetscapes, look for "story poles" that will help you discover what makes this part of Cleveland so special.

Looking for a more interactive experience? Use your mobile phone and visit **www.CircleWalk.org** where you'll find customized tours, fun facts, and additional historical photos. An audio description is also offered.

CircleTrek

Explore the past, present, and future of historic, picturesque University Circle on a FREE **CircleTrek** walking tour.

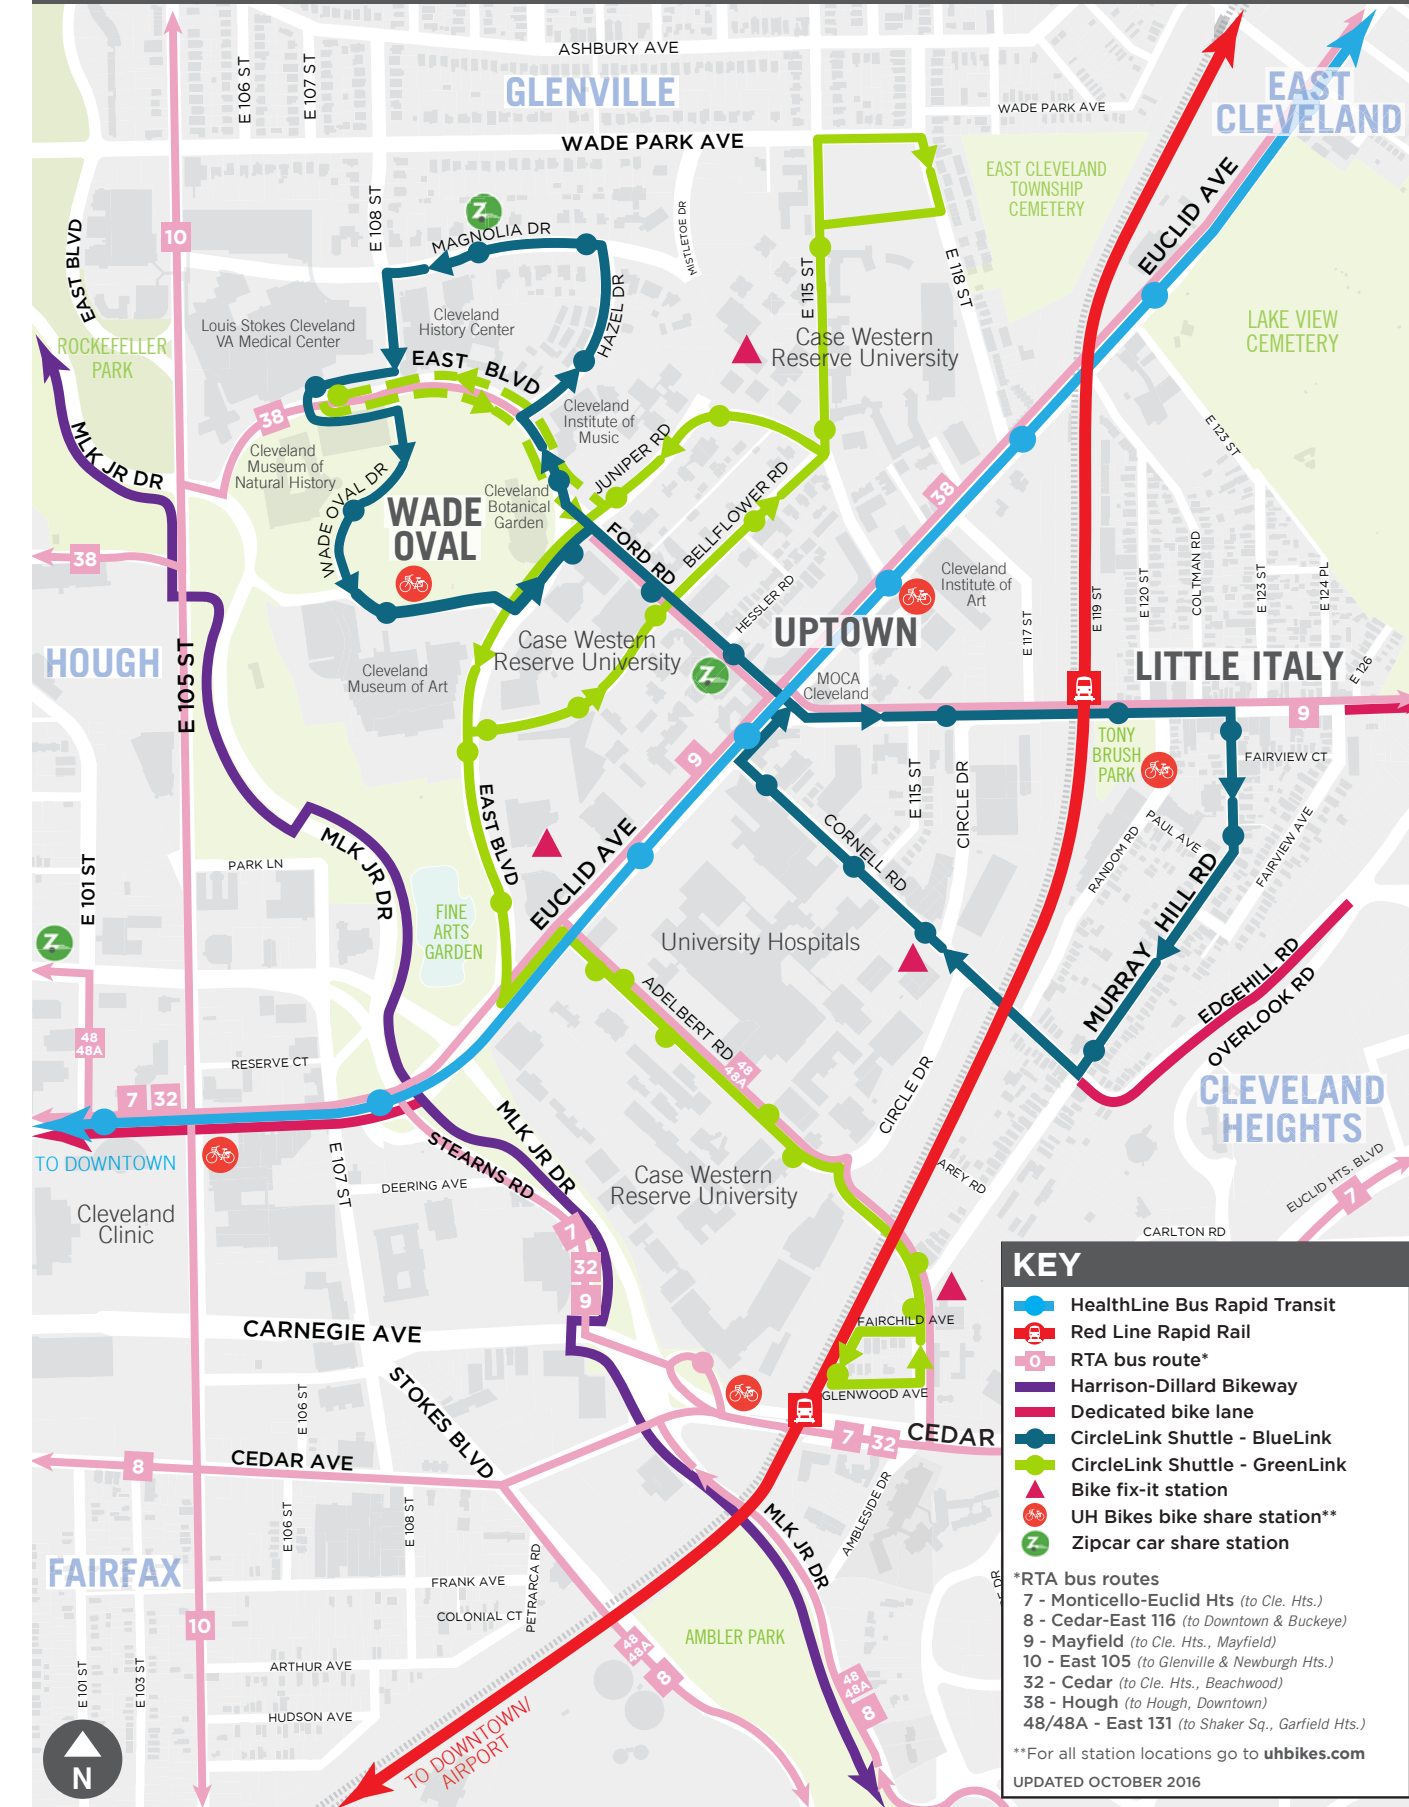

Tours are held **select Saturdays from June through October** and are approximately 90 minutes in duration. Tours depart from the University Circle Information Kiosk (located across from the Cleveland Museum of Natural History) at 10:30 a.m. Informed, local tour guides will share historical information, fun facts, and points of note, and also apprise tour attendees of current and future projects. There are 16 stops on the tour.

The route encompasses about two miles, so comfortable and weather-appropriate clothing is important and bringing water or umbrellas is never a bad idea.
