I Business & Strategic Assessment: Setting the Stage for Growth

Three Sessions | Two CEO Mentoring Groups | Two Lives Cases

II Finances: Balancing Cash Flow & Bottom Line

Three Sessions | One CEO Mentoring Group | Two Lives Cases

With the help of accountants and financial advisors, participants will learn about key financial statements and how financial statements relate to one another. Participants will create “financial dashboards” with key ratios that will allow for effective monitoring and comparison to other industry peers. This module will also prepare participants to communicate current and future financial aspirations both internally and externally, and prepare participants to gauge the financial health of their businesses and make effective decisions.

III Marketing and Sales: Building Profitable Sales

Three Sessions | One CEO Mentoring Group

Once participants have a clear understanding of their financials, they begin to identify which products and customers promise to be the most profitable and which markets have the greatest potential for growth. Module III helps participants better understand their competition, the needs and desires of their customers, and how to effectively reach customers and improve sales.

IV Resources: Getting What You Need to Grow

Three Sessions | One CEO Mentoring Group | Four Live Cases

In this module, participants will identify the resources – human and financial – needed in order to achieve their growth plans. Participants will learn how to identify and secure key talent, as well as how to secure private and public capital.
