## FOUNDING UNIVERSITY CIRCLE

Northeast Ohio was a part of Connecticut's Western Reserve. In 1795, the Connecticut Land Company sent General Moses Cleaveland to survey and layout townships in the Western Reserve, including Cleveland.

University Circle's first settler was Nathaniel Doan, the only member of the surveying party to settle here. Doan came to University Circle in 1799. He settled nearby at Euclid and East 107th Street, operating a tavern, store, blacksmith shop, and baking soda factory.

Why do people like to live, work, and play in University Circle? Along with our partners, University Circle Inc. has created CircleWalk, an interpretive experience that highlights and shares our stories.

You will find stories of innovation in science, the arts, and education. You will learn about people, institutions, and events that have made University Circle the unique urban place it is today. You will see how our past and present are shaping the future.

As you walk through our neighborhoods, parks, campuses, and streetscapes, look for "story poles" that will help you discover what makes this part of Cleveland so special.

Looking for a more interactive experience? Use your mobile phone and visit [www.CircleWalk.org](http://www.CircleWalk.org) where you'll find customized tours, fun facts, and additional historical photos. An audio description is also offered.
